

PRODUCT CATALOG & COMPANY PROFILE · 2026-27

Poly mailers and poly bags, made in our own factory.

Factory-direct flexible packaging from Istanbul for US distributors, brands and fulfillment centers. Plain or printed, in your exact size.

1996

manufacturing since

500+ t

produced every month

24/7

100+ people, 3 shifts

35

export countries, USA a main market

- Poly mailers
- Food & vacuum pouches
- Pallet covers & films
- Reclosable zipper bags
- Clear poly bags
- Custom printing, up to 6 colors
- Merchandise & T-shirt bags
- Wicketed bags
- Neutral / private label

Nothing here is fixed. Every product is made to order. The sizes, mils and materials in this catalog are common ranges, not limits: tell us what you need and we produce it to your spec.

One factory, from resin to finished bag.

Kargopek has manufactured flexible packaging in Istanbul since 1996. Extrusion, printing, bag making and packing all happen under one roof, so we control quality at every step and can make exactly the bag you specify.

FILM EXTRUSION

FLEXO PRINTING

BAG MAKING

PACKING & WAREHOUSE

Own production

Installed extrusion capacity of 1,300 kg per hour and 500+ tonnes of output a month, running three shifts, 24 hours a day.

From one pallet

Trial orders start from one pallet. Different products and sizes can travel together in one shipment.

Recycled content

70% post-consumer recycled (PCR) option for coex poly mailers. About 1,000 tonnes a year of material recycled in-house.

Made to your spec

Any width, length, mil, color and print. Send a sample, a photo or a spec sheet and we produce to match.

Delivered to your door

We ship DAP to your warehouse, so you receive the goods without arranging the main transport.

Your brand or none

Flexo printing up to 6 colors with a digital proof before production, or fully neutral packaging for distributors.

ISO 9001:2015
